

## Skidmarks on My Heart

The Go-Go's

You sure know how to hurt a girl  
Fewer hugs and no more kisses  
Just water for your carburetor  
And bearings for your pistons  
Rev her engine for your pleasure  
Caress and fondle her steering wheel  
When you moan and hug her gear shift  
Stop! Think how it makes me feel

Skidmarks on my heart  
You've got me in fifth  
You're burning rubber like my love  
I'm driving in risk

Spend all your time and money  
On that Pontiac GTO pile  
Getting tired of your greasy antics  
My pride's getting hurt by the mile  
Blow her engine blow my mind  
Keep her shocks and brakes aligned  
I see that you're all jacked up  
Leaving me and your exhaust behind

Skidmarks on my heart  
You've got me in fifth  
You're burning rubber like my love  
I'm driving in risk

I buy you cologne  
You want axle grease  
YOU say get a mechanic  
I say get a shrink  
I need promises  
You want Motor Trend  
Our love needs an overhaul  
This may be the end

Skidmarks on my heart  
You've got me in fifth  
You're burning rubber like my love  
I'm driving in risk
