You Can't Walk in Your Sleep (If You Can't Sleep)

The Go-Go's

Last night you slept, you slept in fits You smashed your windows bit by bit You cried out - a bad dream Horror pictures - what a scene!

Which way will things go tonight
Toss and turn or sleep tight
You can't win you wonder why
That sleep is one thing you can't buy

You can't walk in your sleep If you can't sleep You can't walk in your sleep If you can't sleep

Downed that pill hours ago
And time is passing oh so slow
Watch the clock - you're waiting
It's five o'clock and the world is waking

That's the way things went tonight Tossed and turned though you were tight Exhaustion brings on desperation Well there's still some consolation
