

Mayday

The Go! Team

M-A-Y-D-A-Y
Mayday, mayday
M-A-Y-D-A-Y
Mayday, mayday

And so the days go on and on
And I don't know if I can carry on much longer
I just need a sign
Anything honey, just give me a sign

Anybody, anywhere
Do you see my flare?
Anyway, anyhow
Cos I'm over and out
Go!

Taking water, been hit inside
With the force of a category five
Sinking fast in the sea I cried
No land in sight
It's mayday, mayday
Introducing the SOS
Make a beeline cos I'm in distress
Tried to do it but I can't forget
So out my depth
It's Mayday, mayday

I'm going down
Come in, do you read me?
Tried not to quit, it ain't always easy
Come, come around before love defeats me
Now

Cos I've been in trouble before
But this time I'm in over my head
And if anyone can hear me now
Just don't leave me hanging this way

Anybody, anywhere
Do you see my flare?
Anyway, anyhow
Cos I'm over and out
Go!

Only the ocean to say goodnight
Only the ocean to love me
Only a heartache to hold me tight
Only my troubles above me

I'm going down
There's no one to stop me
Come, come around
Cos love came and got me
Girl overboard
Come in, do you copy?
Now

M-A-Y-D-A-Y
Mayday, mayday
M-A-Y-D-A-Y
Mayday, mayday

And I just know something's gonna change soon
Cos there's only so much a girl could take
And if there's anybody out there
I just need a sign, just give me a sign

Anybody, anywhere
Do you see my flare?
Anyway, anyhow
Cos I'm over and out
Anybody, anywhere
Do you see my flare?
Anyway, anyhow
Cos I'm over and out

M-A-Y-D-A-Y
Mayday, mayday
M-A-Y-D-A-Y
Mayday, mayday

M-A-Y-D-A-Y
Mayday, mayday
M-A-Y-D-A-Y
Mayday, mayday
