

Plans are Like a Dream U Organise

The Go! Team

Used to seem so different
When it all began
Looking to the next thing
Always making a plan

Plans you make to help you carry on
Plans you make but won't do
Plans are like a dream you organise
One that never comes true

Another life with me you almost lived
Another list of things we almost did

Plans we made to help us carry on
Plans we made but won't do
Plans are like a dream you organise
One that never came true

Another life again we almost lived
Another list of things we almost did
Something getting in the way
Cos it's all too much
Something getting in the way
And the thing is us

Plans you make to help you carry on
Plans you make but won't do
Plans are like a dream you organise
One that never comes true
All the things we say but never mean
All the things that we do
Plans are like a dream you organise
One that never comes true

Another life again we almost lived
Another list of things we almost did
Something getting in the way
Cos it's all too much
Something getting in the way
And the thing is us
