

# Life Has Passed Us By

The Godfathers

Terry said to Judy  
You're such a waste of time  
Sitting watching TV  
'Cause life has passed us by

Gin's a mother's ruin  
Dulls the pain away  
Helps the conversation  
We're best friends today

We're not growing stronger  
We ain't getting younger  
We're not going nowhere  
'Cause life has passed us by  
Life has passed us by  
Life has passed us by

We've all got good intentions  
It doesn't pay the rent  
The faded jaded mem'ries  
Of a life we've spent

We're not growing stronger  
We ain't getting younger  
We're not going nowhere  
'Cause life has passed us by  
'Cause life has passed us by  
'Cause life has passed us by

You can't do tomorrow  
What should be done today  
Dreams and expectations  
We let them slip away

We're not growing stronger  
We ain't getting younger  
We're not going nowhere  
'Cause life has passed us by  
(Life has passed us by)  
Life has passed us by  
(Life has passed us by)  
Life has passed us by

Life has passed us by  
(Life has passed us by)  
Life has passed us by  
(Life has passed us by)  
Life has passed us by  
(Life has passed us by)  
Life has passed us by  
(Life has passed us by)  
Life has passed us by

Life has passed us by  
(We're not growing stronger)  
Life has passed us by  
(We ain't getting younger)

'Cause life has passed us by  
(We're not going nowhere)

'Cause life has passed us by  
(We're not growing stronger)  
'Cause life has passed us by  
(We ain't getting younger)  
'Cause life has passed us by  
(We're not going nowhere)

Life has passed us by  
(We're not growing stronger)  
Life has passed us by  
(We ain't getting younger)  
Life has passed us by  
(We're not going nowhere)

Life has passed us by  
(We're not growing stronger)  
Life has passed us by  
(We ain't getting younger)...
