

Lotta Love (neil Young Cover)

The Good Life

La la la la la la la la la
Ooh

It's going to take a lot of love
To change the way things are
It's going to take a lot of love
Or we won't get too far
So if you look in my direction
And we don't see eye to eye
My heart needs protection, and so do I

It's going to take a lot of love
To get us through the night
It's going to take a lot of love
For things to turn out right
So if you are there
I hope you show up soon
Because my head needs relating, not solitude

Got a lot of love
Got a lot of love
La la la la la la la la la
Ooh

It's going to take a lot of love
To change the way things are
It's going to take a lot of love
Or we won't get too far
It's going to take a lot of love
It's going to take a lot of love
It's going to take a lot of love
