

# Heart of Stone

The Good Natured

I'm not listening  
I'm not listening  
I'm not listening anymore, oh, oh  
To what you have to say  
Oh, what do you have to say  
Oh, what do you have to say  
It's not important

Are you glad you ruined everything we ever had  
Are you glad you have destroyed everything we ever had

[Chorus]

You broke my heart, you made me sick inside  
I ask you to your face, you were happy to lie  
Do you think it's too soon, just don't let her know  
And now I know I have a heart of stone

And if you were in my shoes  
You'd see why I cannot forgive you  
I can't forgive you  
For what you've done to me  
Just what have you done to me  
Oh, what have you done to me  
Oh, oh, oh, oh, oh

Are you glad you ruined everything we ever had  
Are you glad you have destroyed everything we ever had

[Chorus]

You broke my heart, you made me sick inside  
I ask you to your face, you were happy to lie  
Do you think it's too soon, just don't let her know  
And now I know I have a heart of stone

I put my brave face on for you, for everyone  
I put my brave face on  
I put my brave face on for you, for everyone  
I put my brave face on

[Chorus]

You broke my heart, you made me sick inside  
I ask you to your face, you were happy to lie  
Do you think it's too soon, just don't let her know  
And now I know I have a heart of stone
