

Human Eyes Cry Godly Tears

The Good Natured

Why are you afraid
Of honesty and sincerity
Beautiful face on a beautiful frame
Why are you so ashamed
Reluctant to reveal
Your true self so you hide
You've hidden all your life

Human eyes cry Godly tears
Just wishing you could really hear them
Of course they always hide
Concealed and out of sight
Human eyes cry Godly tears
Just wishing you could really hear them
Of course they always hide
Concealed and out of sight

Unidentified
But you yearn for them to know your name
Can't you hear them whisper
Can't you hear the gentle voices cry
And now you shall feel love
The first time in your life
Your precious tune is mind

Human eyes cry Godly tears
Just wishing you could really hear them
Of course they always hide
Concealed and out of sight
Human eyes cry Godly tears
Just wishing you could really hear them
Of course they always hide
Concealed and out of sight
