

# Anyway The Wind Blows

## The Grass Roots

Get myself together  
That's the only thing to do  
The memories of you  
Are fillin' my mind

I can face the mornin'  
It's the night I can't get through  
Baby, without you  
I'm wastin' time

(Anyway the wind blows)  
(Anyway that you want me to be)  
(I'll go where your love goes)  
(Without you I don't wanna be free)

Don't forget forgiving  
I remember you; remember me

Stare into the silence  
Of a room that's dark and cold  
No one there to hold  
All through the night

And I can feel my heartbeat  
And I now I'm growin' old  
'Cause deep inside my soul  
You are the light

(Anyway the wind blows)  
(Anyway that you want me to be)  
(I'll go where your love goes)  
(Without you I don't wanna be free)

Don't forget forgiving  
I remember you; remember...

A piece of me is dyin'  
Soul of me is cryin'  
Can't you see I'm tryin'  
To bring you home again

(Anyway the wind blows)  
(Anyway that you want me to be)  
(I'll go where your love goes)  
(Without you I don't wanna be free)

Don't forget forgiving  
I remember you; remember...

(Anyway the wind blows)  
(Anyway that you want me to be)  
(I'll go where your love goes)  
(Without you I don't wanna be free)

(Anyway the wind blows)...
