

Claudia

The Grass Roots

Claudia, you've been eternity to me
And now I know your sting is worse than a thousand bees
Oh, Claudia, I wanted you till I was nearly mad
To have shared a moment of your love
Would be worth all I've ever had
Claudia

I want you and I need you so!
And I'll love you until the trees won't grow!
I will love you till the summer snows!
And the trees won't grow!
Oh, Claudia!

Claudia (Claudia), I beg of you to never play with my emotions
But Claudia (Claudia), you took my love away
And left me high and dry
Like a ship without an ocean
Oh, Claudia

I want you and I need you so!
And I'll love you until the trees won't grow!
I'll love you till the summer snows!
And the trees won't grow!
Oh, Claudia!

I want you and I need you so!
And I'll love you till the trees won't grow!
I'll love you till the summer snows!
And the trees won't grow!
Oh, Claudia!
