

## Depressed Feeling

The Grass Roots

Got that down and depressed feelin'  
Never felt this way before  
My whole world is-a shakin' beneath me  
But I keep-a comin' back for some more  
For some more, for some more, for some more!  
Whoa!

My mind is a state of confusion  
All I see is trouble and doubt  
Look in every way for an answer  
Searchin' for an easy way out  
Easy way out, easy way out, easy way out!

If I could see the truth beneath all this misery  
Make my life seem a whole lot brighter  
It would put my mind at ease  
At ease, at ease, at ease!  
Yeah!

Got that down and depressed feelin'  
Never felt this way before  
My whole world is-a shakin' beneath me  
But I keep-a comin' back for some more  
For some more, for some more, for some more!  
Yeah-oh!

If I could see the truth beneath all this misery  
Make my life seem a whole lot brighter  
It would put my mind at ease  
At ease, at ease, at ease!
