

# Don't Remind Me

The Grass Roots

I feel a heartbreak comin' on  
But it's better off me bein' gone

So, don't remind me  
Of what I've left behind me  
I've already closed the door

The time was right for when it was  
But I've outgrown the place that I once loved

So, don't remind me  
Of what I've left behind me  
It's better off now that I've gone

Don't make me reminisce  
Of a time that I often miss

So, don't remind me  
Of what I've left behind me, yeah  
Memories seem to serve me best

Don't make me reminisce  
Of a time that I often miss

So, don't remind me  
Of what I've left behind me, yeah  
Memories seem to serve me best

To go back from where I came  
Would blow the image I retain

So, don't remind me  
Of what I've left behind me, yeah  
Memories seem to serve me best
