

Hey Friend

The Grass Roots

Hey friend, could you spare some time?
Stay friend and I know that you will find
That you never thought things could be this way

Girl, won't you come for a ride?
Only you can finally decide
You just let go and let things happen this way

Time has come, you're better off
Now you're finally getting' to know what's happenin'
Forget your schemes, you'll make a scene
It really seems to me that you're happy

Hey friend, now I see that I'm wrong
I see how you can never belong

I never thought things could turn out this way
I never thought it could be this way
I never thought it could be this way
