

Melinda Love

The Grass Roots

Dreamin' dreams that never could come true
Dreamin' dreams was I'll I'd ever do

Just goin' nowhere
(Everything was wrong)
Just goin' nowhere
(Then you came along)
Melinda love, I found the dream in you

Melinda love, until you came my way
Every day was just another day

I was just nowhere
(No direction known)
Just goin' nowhere
(Lookin' for a home)
Melinda love, I found a place to stay

Saw the world through empty eyes
Little did I realize
All the beauty you can find
When love becomes your state of mind

Melinda love, I never though I'd see
All my dreams become reality

But you are here now
(Nothin' can go wrong)
Yes, you are here now
(Right where you belong)
Melinda love, I love you lovin' me

Saw the world through empty eyes
Little did I realize
All the beauty you can find
When love becomes your state of mind

Bah dah bah dah bah dah bah dah bah...
