

## Monday Love

The Grass Roots

My Monday love  
Sittin 'round by the fireside  
Till mornin' comes  
She smiles and I feel alright  
Lord, what a night I had with Monday love

It's a groovy day  
I never saw the sun quite that way  
It's a ball of fire  
Lifts me up and takes me higher  
If only one desire - for my Monday love

Look at me  
I'm taller than I oughtta be  
Got this warm inside of me  
And I've got to say  
Lord, nothin' can take me away...

From my Monday, Monday, my Monday lover  
She's the one that I've been thinkin' of her  
My Monday, Monday, my Monday lover  
She's the one that I've been dreamin' of

Look at me  
I'm taller than I oughtta be  
Got this warm inside of me  
And I've got to say  
Lord, nothin' can take me away...

From my Monday, Monday, my Monday lover  
She's the one that I've been thinkin' of her  
My Monday, Monday, my Monday lover  
She's the one that I've been dreamin' of her

My Monday, Monday, my Monday lover  
She's the one that I've been thinkin' of  
My Monday, Monday, my Monday lover...
