

## Move Along

The Grass Roots

Move along  
Nothin' can hold on to this heart o' mine  
Get away  
Somethin' that I had can't come out today

'Cause any moment I might be gone  
Any moment I might move  
Any moment I might have to leave

'Cause we're on two different roads  
Yes, we're on two different roads

And I can't take no more!  
Gonna walk out that door!  
Lord, I got to get away!  
I got to get away!

Gettin' strong  
I have to find me someone I can depend upon  
Get away  
All the dreams I hold inside belong to yesterday

'Cause any moment I might be gone  
Any moment I might move  
Any moment I might have to leave

'Cause we're on two different roads  
Yes, we're on two different roads

And I can't take no more!  
Gonna walk through that door!  
Lord, I got to get away!  
I got to get away!

'Cause we're on two different roads  
Yes, we're on two different roads  
Hey, we're on two different roads  
Yes, we're on two different roads...
