

No Exit

The Grass Roots

No way out
How did I get in?
No exit

Gold rays of sunshine to make my death a brighter day
Bricks behind the doors of mine, I'll die here - find the way t
o my exit
Oh, no exit

Whalebacks with tea, green-gray walls are closing in on me now
Eternity; will I die? I'll find the way to my exit
Oh, no exit

I'll never find the way
Tomorrow's like yesterday, yeah
Must be the bright South Bay
I'll never get away, no exit

Gold rays of sunshine to make my death a brighter day, now now
Bricks behind the doors of mine; will I die and find the way to
my exit?
Oh, no exit

I'll never find the way
Tomorrow's like yesterday, yeah
Must be the bright South Bay
I'll never get away, no exit

Ah, ah...
No way out
How did I get in?
No exit
