

Only One

The Grass Roots

Loves about it makes you happy, 'cause
I feel you when you're near me
Your touch brings out the best in me, yes it does

We oughtta gather our hearts together so
We don't have to look no further...
For that sun to find we're the only one

"Cause only one can make you happy, Lord; one can make you dream
One can make you fall in love; one's gonna make you sing
C'mon, c'mon together; c'mon, c'mon together, babe
C'mon together, I said together - together we're the one, yes we are, mmm

Live your life and let yourself free
I've got to see; honey, we could be
All you got to do is turn the key, c'mon

We'll open all those doors where from now
Maybe then the dreams we dream
Might start to run, we'll find we're the only one, 'cause

Only one can make you happy, Lord; one can make you dream
One can make you fall in love; one can make you sing
C'mon, c'mon together, girl; c'mon together
C'mon together, together - together we're the one, good Lord!

The only one, only one
The only one, the only one, the only one, the only one

I know if we try we can make it by, come on home, girl
Please can't you hear me callin' you now
I need your love so doggone bad
The only one, that's right, just listen to this, the only one I need, baby

We don't have to cry no more, we don't have to cry no more
We don't have to cry no more, we can find the door
You just got to gimme your lovin'
Girl, I said gimme your love

C'mon, c'mon

Just... (Only one can make you happy, Lord; one can make you dream)
(One can make you fall in love; one can make you sing) Gimme just another chance to love ya!
(One can make you happy, Lord; one can make you dream) Eee-hee
(One can make you fall in love; one can make you sing)
(One can make you happy, Lord; one can make you dream)
(One can make you fall in love; one can make you sing)
(One can make you happy, Lord; one can make you dream)
(One can make you fall in love; one can make you sing)
(One can make you happy, Lord; one can make you dream)
(One can make you fall in love; one can make you sing)
(One can make you happy, Lord; one can make you dream)
