

## Pain

## The Grass Roots

Pain burning in my heart  
I should have known from the very start  
That you would leave me like this  
And push me away from your tenderness

Oh no, don't push me away  
From your tender kiss  
From your tender lips

Oh, oh no, don't push me away  
From your tender kiss  
From your lovin' lips

Oh, you were my number one  
Things have changed, and now you're gone  
Since you left, I can't seem to find  
The happiness, no peace of mind

Oh, oh, oh, oh no, don't you push me away  
From your tender kiss  
From your tender lips

Pain burning in my heart  
I should have known from the very start  
That you would leave me like this  
And push me away from your tenderness

Oh no, don't you push me away  
From your tender kiss  
From your tender lips

Oh, oh no, don't you push me away  
From your tender kiss...
