

This Is What I Was Made For

The Grass Roots

To be held inside your arms
It make it feel I'm a part of you
To hold you close each day of my whole life

This is what I was made for
This is what I was made for
To be loved, by a girl like you.

To find the place deep in your heart
Where pain and sorrow can never get to
To share these feelings with you is good enough for me.

and This is what I was made for
This is what I was made for
To be loved, by a girl like you.

You understand my every need
You understand my ways
You seem to have a knack for making me happy.

And in the rat race world outside
I'm struggling for security
but in the shelter of your arms I'm free

And this is what I was made for
This is what I was made for
To be loved by a girl like you
To be loved by a girl like you
