

## You And Love Are The Same

The Grass Roots

Blue never seemed so blue before  
You never seemed so you before  
And I felt this way many times before  
And I will be back for more

Love seems to be just a word to me  
you've been so kind as to let me see  
that you and love are the same

I turn around and ask myself why  
Is it you love that's keeping me high?  
I hope it is 'cause I'm feeling so groovy  
Feeling so groovy and high

Now I can read what's been in your eyes  
Now I have come to realize  
that you and love are the same.
