

Change

The Grates

Girl, write it in your pocketbook
It deserves a second look
To me it's impossibly clear
So, Let's take a walk outside
It's time to find your stride
All thin lipped and green eyed
Change, I don't wanna ch-ch-change
But I don't wanna stay the same
I don't wanna ch-ch-change
No, Excuses stay inside
I'm just too afraid to try
I'm always freaking out
Feels, like there's another me
Like there's better places to be
Oh could be materiality
Change, I don't wanna ch-ch-change
But I don't wanna stay the same
I don't wanna ch-ch-change
Change, I don't wanna ch-ch-change
But I don't wanna stay the same
I don't wanna ch-ch-change
It's alright, it's alright here
So tell me, So tell me why aren't you so tickled bout it?
Change, I don't wanna ch-ch-change
But I don't wanna stay the same
I don't wanna ch-ch-change
Change, I don't wanna ch-ch-change
But I don't wanna stay the same
I don't wanna ch-ch-change
Ch-ch-change, I don't wanna ch-ch-change
But I don't wanna stay the same
I don't wanna ch-ch-change
