

Band of Gold

The Gray Havens

I told you I was on your side
I told you I would never hide
So you can put your hand in mine
'Cause I'll be keeping by your side

I'll love you 'til the stars turn cold
And I'll love you like this ring I hold
Yes, around around it goes
A circle never knows the end of the line
So you will find with our love

'Cause this love is a band of gold
When the fire's burning and when the embers feel cold
So when I hold you in my arms I hope you know
That this love is a band of gold

I'm never getting over you
No, I never will be over you
Yes, I threw away the key
That bound my heart to yours
To the bottom of the sea
I don't need it anymore
There's no turning back for us
There's only moving forward

This love is a band of gold
When the fire's burning and when the embers feel cold
So when I hold you in my arms I hope you know
That this love is a band of gold

And the stars that come and cover up the moon
They may steal away the starry skies when new
But they can't take away, can't take away what's true
I belong, I still belong
I belong to you

This love is a band of gold
When the fire's burning and when the embers feel cold
So when I hold you in my arms I hope you know
That this love is a band of gold
It's a band of gold
