

# The Way It's Meant To Be

The Greenhornes

Well girl, there's no reason to hide yeah  
For you, you are meant to be by my side  
There's no reason to run  
Yes, it's just begun  
That's the way it's meant to be

I, I've got to have her for myself  
Now you, don't you listen to nobody else  
There's no reason to lie  
Truth you can't deny  
That's the way it's meant to be  
(Alright)

There's no reason to run  
Yes, it's just begun  
That's the way it's meant to be

Well girl, there's no reason to hide yeah  
For you, you are meant to be by my side  
There's no reason to lie  
Truth I can't deny  
That's the way it's meant to be...
