

Can I Leave Me Too?

The Greeting Committee

Why does everybody drive the same car you do?
I'm scared of myself without you
I'll change my ways for a few days if it means you'll stay
I'm filthy, creepy, clingy for you always

If you go, can I go with you?
If you leave me, can I leave me too?
I'm afraid that I might need you
If you go, can I go with you?
If you leave me, can I leave me too?
I'm afraid that I might need you
If you leave me, can I leave me too?

I'll never say your name again
If you don't want me
Don't want to lose you
Don't want you to lose me
Ain't it funny how nobody's laughing
At the way you circle the deep end?
Trying to get you but you won't say nothing
Baby, say something. Baby, say. Say

If you go, can I go with you?
If you leave me, can I leave me too?
I'm afraid that I might need you
If you go, can I go with you?
If you leave me, can I leave me too?
I'm afraid that I might need you
If you leave me, can I leave me too?

Lost in waiting
Can't eat. I just sleep
Days on days end
Baby, call me when you get this

Lost in waiting

Baby, call me when you get this

Baby, call me when you get this
Baby, call me when you
