

# How Long?

## The Greeting Committee

How long until the novelty wears off?  
How long until you can't stand me?  
How long until I say something wrong?  
How long until I can't stand me?

My tree is hanging by a leaf  
Oh, what a relief to see  
I'm not the only thing I know  
Scared to leave, scared to let go

I never meant it when I said  
Everything I've ever said  
All I do is second guess all I do  
Maybe I lost my head again  
Ripping indie pop and then  
All I do is second guess all I do

I'm afraid I'll disappear  
But it's not like anybody knew I was here  
The crowd cheers for a downfall  
If the crowd cheers at all

I never meant it when I said  
Everything I've ever said  
All I do is second guess all I do  
Maybe I lost my head again  
Ripping indie pop and then  
All I do is second guess all I do

I never meant it when I said  
Everything I've ever said  
All I do is second guess all I do  
Maybe I lost my head again  
Ripping indie pop and then  
All I do is second guess all I do

God don't make me  
Thank god I'm changing  
God don't make me  
Thank god I'm changing  
God don't make me  
Thank god I'm changing  
God don't make me  
Thank god I'm changing

Thank god I'm changing  
Thank god I'm changing  
Thank god I'm changing  
Thank god I'm changing  
Thank god I'm changing  
Thank god
