

# Out Of My Head

The Greeting Committee

Take me down  
I've had enough  
I think it's time we gave it up now  
I'm tired  
Because a fault in me is a fault in us  
It's not your fault I don't know how to love  
That's all

When it's all in my head  
Lying on your basement floor  
Each word I said  
In my head

Well, you never really stood much of a chance  
When all you ever thought was  
Well, "I need fixed"  
And I'm tired  
Backed in the corner and it's all so loud  
Trying to find a way to settle  
You settle it down  
Just settle it down

When it's all in my head  
Lying on your basement floor  
Each word I said in my head

When it's all in my head  
Lying on your basement floor  
Each word I said in my head  
Get out of my head  
You're out of my head

Get out of my head, you  
Get out of my head, you  
You're out of my head, you  
You're out of my head, you  
Get out of my head, you  
Get out of my head, you  
You're out of my head, you  
Get out of my  
Get out of my head
