

# Wrapped Inside Of Your Arms

The Greeting Committee

Early in the morning, you turn to me  
Say, "I've missed you terribly."  
While I was lying wide awake on my back  
Dreaming of you wanting me bad  
Oh isn't it funny  
How a year can pass and I feel unchanged  
Oh isn't it funny  
How a year can pass and I need more days  
With you

I swear the whole world is  
Wrapped inside, wrapped inside of your arms  
I swear the whole world is  
Wrapped inside, wrapped inside of your arms  
I'll find a way to reach you  
In every life I'll see you  
I swear the whole world is  
Wrapped inside, wrapped inside of your arms

I'll sleep in your clothes, on your floor  
Just to be where you are  
When you've kicked me off of the bed  
For some stupid shit I shouldn't have said  
Oh isn't it funny  
How a year can pass and I feel unchanged  
Oh isn't it funny  
How a year can pass and I need more days  
With you

I swear the whole world is  
Wrapped inside, wrapped inside of your arms  
I swear the whole world is  
Wrapped inside, wrapped inside of your arms  
I'll find a way to reach you  
In every life I'll see you  
I swear the whole world is  
Wrapped inside, wrapped inside of your arms
