

# Me & Bernie, Bernie & Me

The Gregory Brothers

Can't trust a man you can bait with a tweet  
Don't let anyone tell you that our country is weak  
He insults John McCain, who deserves our respect  
Ignores his debts, what the heck?  
Bernie and I will work together  
We all know he's a national treasure

Me and Bernie  
Bernie and me  
On the same side  
We need to fight  
Against Donald Trump's tweets  
Fight against the tweets  
(Fight the tweets)  
Bernie and me, fight against the tweets  
(Fight the tweets)  
Bernie and me

No one's more disappointed than I am tonight  
But we need to fight  
Fight the tweets  
40 hours a week

Bridges are better than walls  
So pokemon go to the polls  
(Never, ever, ever forget it)

Do for her what you did for me  
I ask you to carry Hillary  
In this election, this year  
Reject cynicism and reject fear

Me and Bernie  
Bernie and me (and me)  
On the same side  
We need to fight  
Against Donald Trump's tweets  
Fight against the tweets (malarkey)  
(Fight the tweets)  
Bernie and me, fight against the tweets  
(Fight the tweets)  
Bernie and me

The DNC and the emails  
Putting a finger on the scales  
What the hell?  
I heard they've got an excuse, though  
It was just a Russian prank, bro  
Hack or no hack, it made me cringe into my couch crack  
Found a crusty cheetoh that I never thought I'd get back

Me and Bernie  
Bernie and me  
(Fight the tweets)  
(Repeating a tweet  
Tweeting and repeating a tweet)

Me and Bernie  
Bernie and me  
On the same side  
We need to fight  
Against Donald Trump's tweets  
Fight against the tweets  
(Fight the tweets)  
Bernie and me, fight against the tweets  
(Fight the tweets)  
Bernie and me
