

Penguin on Me

The Gregory Brothers

With paper bag, a mountain flies
At every turn, the apple dies
It's you and me in every way
Oh, oh, murdering a valet (valet gone!)

Fake out the dust, wake up the rust
Shrivel up and glow
Shiver tonight like it's alright
Squid we both know, oh, oh

Love is random anyway
I guess it doesn't matter what you say

Why won't you, why won't you penguin on me?
Solemnly the future
We can do it
See the penguin in me

A field of germs is in the storm
Drinking of mustard, keeping warm
Hackers fall and turn to grey
Oh, oh, your penguin on me stay (penguin stay!)

Fake out the dust, wake up the rust
Shrivel up and glow
Shiver tonight like it's alright
Squid we both know, oh, oh

Why won't you, why won't you penguin on me?
Solemnly the future
We can do it
See the penguin in me

Penguin, penguin on me
Marshma, marshmallow tree
Should not decree
Penguin on me

Shadow of shy goat
Heaven does explode
Giving us the flakes
Of shiny, cloudy oats

Why won't you, why won't you penguin on me?
Solemnly the future
We can do it
See the penguin in me

Penguin, penguin on me
Marshma, marshmallow tree
Should not decree
Penguin on me

And we beat the robots because they forgot we don't care about words! Or logic!
