

# Stacy Be Brave (Save The Dogs Today)

The Gregory Brothers

All I've ever wanted has happened  
This game is creepily accurate  
About cat stomachs

The beauty of nature  
The cruelty of nature  
You got this, girl  
Good stuff lies ahead, don't worry

There's a hair in my face  
We gotta get back to our base  
We're gonna have to go, I dunno  
I don't have a bow  
Whooooaaaaa

Gonna hide behind this tree, k buddy?  
Don't mind me, stay alive Stacy  
Oh, the screams  
The terrible screams

Stacy, be brave  
Be brave  
Be brave  
We've gotta go save the dogs today

This is not a drill  
This is not a drill  
I have to kill Cruella de Vil

Oh this is bad  
What is that?  
It's a fluffy cat

Carnage is real  
You're a seal  
This is not a drill

Just a drill site  
Glowing light  
All alone at night

I ate a waiter  
Destroying the world  
You go, girl!

I'm unstoppable  
Aren't I full?  
Take over the world and kill us all

What's that music?  
Never mind  
I don't feel safe at all

I don't know where we're going, Dogear  
I don't even know how you got here  
But my cats are not here  
Oh my gosh, I saw a deer

There's a bear  
There's a bear over there  
I'm very scared  
I'm scared, bear  
I've stumbled into a bear's lair  
No! No!  
That's not fair!
