

The Last Goodbye

The Gregory Brothers

In my heart, I'm not afraid of death
In the cold vacuum of space
But I never thought I'd have to see
The entire multiverse erased
The Pyramids, Orion's Belt
Spider-Man 3, all gone
We've seen the final sunset
This time we can't respawn

But if it's true that there's no stopping this
And we're headed for the ultimate apocalypse
There's no one I'd rather go down with
Than myself from another plane of existence (Ooh)
I was never a fan of dying
But I'm really not lying
When I say that I don't mind doin' it with you
And you, and you, and you, and you
And you, and you, and you

The last goodbye
You're at the end of space and time
The last goodbye
Above and below the endless sky
Oh, we're going down in a blaze of glory
One tragic end to a million stories
Goodbye
The last goodbye (Ah!)

Stepping on LEGOs and pre-roll ads
I guess some things are better gone
But I'll really miss that universe
Where I got to be King Kong
The one where there's no war or poverty
And the one where I'm friends with a yeti
And the one where I was a mad scientist
Who made a man out of spaghetti

But if it's true we'll never begin again
And we're headed for a final oblivion
There's no one I'd rather log out with
Delete my account with
Than all the mes of existence (Ooh)
It'd be a painful end
But at least I'm with my friends
The ones that stuck by my side always through and through
It's you, and me, and you, and me
And me, and me, and me

The last goodbye
You're at the end of space and time
The last goodbye
Above and below the endless sky
Oh, we're going down in a blaze of glory
One tragic end to a million stories
Goodbye
The last goodbye
