

# Role Models

The Griswolds

Reality's a plane we just not on it  
And I know life's a bitch but we gon ride it  
A fairy tale's a rocket I'm gon fly it  
And though we rock the boat  
We don't capsize it

We ain't your role models  
We just be chasing models  
We just be downing bottles  
Being dumb and dishonest  
We just being delinquents  
Pumping out bad decisions  
Like it's nobody's business  
Living life like

We got nothing to loose  
Oh yeah, alright  
Oh yeah, we got nothing to lose  
Oh yeah, we got nothing to lose (alright)  
Oh yeah

If growing up's a drag then we gon light it  
We started from the bottom but we've climbed it  
Where limit's an addition you can't buy it  
1-800-HOTLINE you can't dial it

We ain't your role models  
We just be chasing models  
We just be downing bottles  
Living life, like

We got nothing to loose  
Oh yeah, alright  
Oh yeah, we got nothing to lose  
Oh yeah, we got nothing to lose (alright)  
Oh yeah

Yeah, we broke the rules we don't deny it  
Cause, pleasure make my heartbeat so excited  
And tempted by the apple we gon bite it  
And I'm just trying to see the light before I'm blinded  
We ain't your role models  
We ain't your role models  
Living life like  
We ain't your role models  
We ain't your role models  
Living life like

We got nothing to loose  
Oh yeah, we got nothing to lose (alright)  
Oh yeah, we got nothing to lose  
Oh yeah, we got nothing to lose (alright)  
Oh yeah, we got nothing to lose  
Oh yeah, we got nothing to lose (alright)  
Oh yeah  
Oh yeah, alright
