

Somebody

The Griswolds

All these lies, sharp as a knife
Don't say that it's over as soon as you're sober
A hole in my lung, a twist in my tongue
I hope I'm someone, I hope I'm somebody to you

Somebody, somebody to you
Somebody, somebody to

All these nights, tried to 'pologise
A kiss on her shoulder, to just let ya know there's
A hole in my lung, a twist in my tongue
I hope I'm someone, I hope I'm somebody to you

Somebody, somebody to you
Somebody, somebody to you
Somebody, somebody to you
Somebody, somebody to

Sometimes it's hard to make it through

I hope I'm somebody to you
Somebody, somebody to you
Somebody, somebody to you
Somebody, somebody to you
(Somebody, somebody to you)

One more night, blame it on human nature
One last try, got so much more to say
(I'm freaking out, don't walk away)
(I'm freaking out, don't walk away)
(I'm freaking out, don't walk away)
(Don't walk away, don't walk away)

A hole in my lung, a twist in my tongue
I hope I'm someone
I hope I'm somebody to you
(I'm freaking out, don't walk away)
(I'm freaking out, don't walk away)
(I'm freaking out, don't walk away)
(Don't walk away)
Somebody to
