

## Die and Live Forever

The Growlers

You might not like it man, but I'm your brother  
I ain't goin' nowhere  
Sorry for everything my brother  
Know that I care

It's not about the little things  
Not about blood  
Wipe your heart off  
Make room for love

Love together, suffer together  
Laugh and cry together  
Live and die remember  
Die and live forever  
Die and live forever

Sometimes you gotta do what sucks  
We don't have to care  
I'll do anything, my brother  
I ain't goin' nowhere

It's not about the little things  
I know they add up  
But they never can be  
Worth more than love

Bleed together, suffer together  
Laugh and cry together  
Live and die remember  
Die and live forever

It's not about little things  
I know they add up  
But they never should be  
Worth more than love

Love together, suffer together  
Laugh and cry together  
Live and die remember  
Die and live forever
