

# Path Of Fierce Resistance

## The Halo Effect

From the pain that gives you  
What you should not be taking  
You fail the outreach  
A lonely mind subdued  
The pressure brought upon us  
Surmounts the suburban ideal  
Defences broken down  
What can we do?

Where do we go from here on out?  
When will the outside match what's burning inside  
We're forced to be  
To not be seen  
We're forced to be  
The players in someone else's game

Don't let what the other's say  
Lead you from what no one can  
Be the path and do not fail  
Don't bend to what anyone says  
Or take away from what you are  
Be the path  
Be the path of fierce resistance

Drawn to the underground  
Far from the expected norm  
Scorned, lost and indecisive  
What can we do?

Where do we go from here on out?  
We're stuck in someone else's game

Don't let what the other's say  
Lead you from what no one can  
Be the path and do not fail  
Don't bend to what anyone says  
Or take away from what you are  
Be the path  
Be the path of fierce resistance

We are merely players  
Performers and portrayers

We're forced to be  
To not be seen  
We're forced to be  
The players in someone else's game

Don't let what the other's say  
Lead you from what no one can  
Be the path and do not fail  
Don't bend to what anyone says  
Or take away from what you are  
Be the path  
Be the path of fierce resistance
