

# The King Of Everything

The Handsome Family

See the grey dove  
Up in the green elm tree  
Raising his feathers  
Shaking out his wings  
High up in the leaves  
He calls across the trees  
Doesn't care who hears him  
The sky is his

He's the king, the king of everything  
He's the king, the king of everything

He's the king, the king of everything  
He's the king, the king of everything

He's the king, the king of everything  
He's the king, the king of everything

Cat in the tall grass  
Teeth a-chattering  
He'll catch that bird  
So high above his reach  
And me in my chair  
As the pills reach my brain  
I call out to the bees  
Make honey from my pain

I'm the king, the king of everything  
I'm the king, the king of everything

I'm the king, the king of everything  
I'm the king, the king of everything
