The Haunt

Your eyes and that broken stare  
Laying next to me but you're not all there  
Six months and you still don't care  
What a waste of time, what a cruel affair

Somehow it's my fault

You're bleeding through your teeth  
Hammering your chest with the lies you're keeping  
Honestly  
Wish you nothing but the worst 'til your heart stops beating  
Ooh-oh-oh  
Ooh-oh-oh-oh  
With the lies you're keeping  
Ooh-oh-oh  
Ooh-oh-oh-oh  
'Til your heart stops beating

We're always repeating history  
Drink our feelings 'til we're dizzy  
Your kiss, now it burns like whiskey  
If I leave baby, will you miss me?

Somehow  
Somehow  
Somehow it's my fault

You're bleeding through your teeth  
Hammering your chest with the lies you're keeping  
Honestly  
Wish you nothing but the worst 'til your heart stops beating  
Ooh-oh-oh  
Ooh-oh-oh-oh  
With the lies you're keeping  
Ooh-oh-oh  
Ooh-oh-oh-oh  
'Til your heart stops beating  
  
'Til your heart stops beating  
'Til your heart stops

You're bleeding through your teeth  
Hammering your chest with the lies you're keeping  
Honestly  
Wish you nothing but the worst 'til your heart stops beating  
Ooh-oh-oh  
Ooh-oh-oh-oh  
With the lies you're keeping  
Ooh-oh-oh  
Ooh-oh-oh-oh  
'Til your heart stops beating
