

## Kill the Light

### The Haunted

If Death is all that you seek!  
Well, right here is where you'll find it!  
"Hell will punish the Sinners!"  
Bleak Words that seem just weaker and weaker.

You can cry all you want!  
No one here will hold you or dry your Eye!  
Here, the Strong eat the Weak and the Price is paid by those who dare to speak the Truth.

Children of many Fathers, all raised by the Mother of War!

Locked away, still in their Cages, with the Keys inside.  
A Look in their Eyes and you'll see the Crime that finally killed their Light!

Fathers killing their Daughters, Mothers killing their Sons.  
All the Men standing here, only brought here for the Hell they bring.

Locked away, still in their Cages, with the Keys inside.  
A Look in their Eyes and you'll see the Crime that finally killed their Light!

Locked away, still in their Cages, with the Keys inside.  
A Look in their Eyes and you'll see the Crime that finally killed their Light!

Go!

Death will come to the Seeker!  
Death will come to the Fool!  
Death will come to the Seeker!  
Death will come to the Fool!

Locked away, still in their Cages, with the Keys inside.  
A Look in their Eyes and you'll see the Crime that finally killed their Light!
