

# Labyrinth of Lies

## The Haunted

Under the gaze of a million eyes  
Your every breath, your whispered lies  
In the shadow of the thought police  
Freedom crumbles, all hope deceased

Rewriting the truth  
Conform or perish  
You bow or break  
The iron fist will seize your fate

In the labyrinth of lies  
No peace to find  
Your thoughts aren't your own  
And nothing is real

Eyes that never blink, fixed on your mind  
Behind the screen, your thoughts unwind

Your thoughts dissolve  
As they watch you die  
No trust remains  
Dissolved in fears

In the labyrinth of lies  
No escape from the mind control  
Labyrinth of lies  
Where your thoughts unwind

Labyrinth of hate  
Where nothing is real  
Labyrinth of hate  
Oh
