

Leech

The Haunted

My future is forged with an axe.
I set the pace for you to follow.
Trade my illusions for your rebellion.
The shit I serve you just swallow.

Honed to perfection.
Now watch me escalate your flawless life.

I am sucking you dry, just feed me.
...sucking you dry, just live for me.

There's no end to the secrets I pour into your
hate-polluted veins.
Now I'll drain the fetus that I grew in you

Bred for abuse
Now watch me dominate your pathetic life

Like a greedy pig I wallow
I realize all truths are lost
Easily fooled you all will follow.
Like a leech I'll drain you all.

Just feed me
You'll die for me
