

A Whole Lot of Love

The Heavy

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

Keep the heart pumpin', do the best that I can
(Yeah, yeah, yeah, yeah)
While I'm drawn to the flames of my imperfection
(Yeah, yeah, yeah, yeah)
Don't make it weird when it's hard to understand
(Yeah)
Because you know I ain't the one to play the cards in your
hand
(Yeah, yeah, yeah, yeah)

You are the breaks (It takes a whole lot of love)
You are the dream (It takes a whole lot of love)
And I know I'm learning to breathe (It takes a whole lot of love)
Baby if you put it on me (It takes a whole lot of love)
It takes a whole lot of love
It takes a whole lot of love
It takes a whole lot of love
It takes a whole lot of love

I'm rollin' with the punches when that bitch hit hard
Dreams can make good break backs, break hearts
Call it what'cha want, every business got sharks
Swimmin' underwater gonna leave you some scars
Gimme, gimme, gimme, gonna call it if you want it for free
(Yeah, yeah, yeah, yeah) awh no, no, no, no, no

You are the breaks (It takes a whole lot of love)
You are the moon and the stars (It takes a whole lot of love)
And I know I'm learning to breathe (It takes a whole lot of love)
Baby if you put it on me (It takes a whole lot of love)
It takes a whole lot of love
It takes a whole lot of love
It takes a whole lot of love
It takes a whole lot of love
It takes a whole lot of love

Whoa!
Hey, hey, hey, it takes a whole lot of love
Hey, hey, hey, it takes a whole lot of love
Hey, hey, hey, it takes a whole lot of love
Hey, hey, hey, it takes a whole lot of love
