

# Stone Cold Killer

The Heavy

My hearts like a flame  
To the sound of the voice in you  
You got the hooks  
Got the claws  
Got me begging you to light the fuse  
Hell...

I got my mind on my honey  
(Yeah yeah yeah)  
I got my honey on my mind  
(Yeah yeah yeah)  
It feels good  
But it feels like I'm caught in the lights  
At the scene of a crime and like a

Stone cold killer  
You're cold as ice  
Like a stone cold killer  
You don't think  
Don't think  
T't't't'twice!

Temperature is rising  
Too hot to touch  
You'll never know desire  
Until it  
Burn in a rub  
Caught up in a crossfire  
Leave me hanging by a thread  
Take me to the river  
And leave me for dead  
Like a

Stone cold killer  
You're cold as ice  
Like a stone cold killer  
You don't think  
Don't think  
T't't't'twice!

I know I know I know  
You're like a stone cold killer  
You're cold as ice  
You're like a stone cold killer  
You don't think twice

You're like a  
Stone cold killer  
You're cold as ice  
Like a stone cold killer  
You don't think  
Don't think  
T't't't't

You're like a  
Stone cold killer  
You're cold as ice

Like a stone cold killer  
You don't think  
Don't think  
T't't't  
Stone cold killer  
You're cold as ice  
You're like a stone cold killer  
You don't think  
Don't think  
T't't't
