

Craving for Fire

The Hell

Hang out tonight
Let's have a drink
Summon our demons inside
And start this trip
Reach out for me
We'll drink the night
Skip formalities
Jump on the fire

I'll please all your cravings, I'll lead you to thrill
Tonight there's no limit and I'll take you to hell Just for tonight

You won't regret
We'll make it count
I'm sure our souls collide
Lust will arise!
Ecstasy
Mortality
We've got the power to feel
And make it real

Please all my cravings and lead me to thrill
I've got no boundaries, please show me your hell for tonight
Just for tonight

Hang out tonight
Let's have a drink
Summon our demons inside
And start this trip
Ecstasy
Mortality
We've got the power to feel
And make it real

We'll please all our cravings, we'll die on a thrill
Don't mind the limits, we shall get to hell...
we shall get to hell

Please all your cravings, I'll lead you to thrill
Tonight, there's no limit, I'll take you to hell...
Please all my cravings and lead me to thrill
Time to show me your hell!
