

Electrocute

The Hellcopters

it's been a while since I got mine
I haven't been out of my pants since '89
I see you here I see you there
see your god damn face everywhere

sweat crawling out of my pores
I beat my head and I hit the floor
I gotta have it you gives me shocks
when I see you walking on down my block

she's electro, electro, electrocute
female daredevil in a tom cat suit
she's electro, electro, electrocute
I'm in shock I got the static blues

I get so loaded when you lick your lips
all fired up when your dress unzips
you're smoking hot when I plug you in
you get me involved in electro sin

sweat crawling out of my pores
I beat my head and I hit the floor
I gotta have it you gives me shocks
when I see you walking on down my block

she's electro, electro, electrocute
female daredevil in a tom cat suit
I'm in shock I got the static blues

she's electro, electro, electrocute
female daredevil in a tom cat suit
I'm in shock I got the static blues
