

# Faraway Looks

## The Hellcopters

The ringing in my ears  
Tells me hide away  
Pull at the thread of fears  
Again and again

I'm so far away  
It feels impossible  
So far away

I got the faraway looks, faraway eyes  
Faraway looks, faraway eyes  
Faraway looks, faraway eyes tonight

There's no hiding  
No prize to discover  
You're just like your Father  
Your Sister, your Mother

We're so far away  
It feels impossible  
So far away

You got the faraway looks, faraway eyes  
Faraway looks, faraway eyes  
Faraway looks, faraway eyes tonight

Now with the sound of the future  
There's doom ringing in my ear  
A fatal resistance  
Oh, what a distance  
A call that I can't hear

Faraway looks, faraway eyes  
Faraway looks, faraway eyes  
Faraway looks, faraway eyes  
Faraway looks

Far away  
It feels impossible  
So far away  
It feels impossible  
So far away  
It feels impossible  
So far away

I got the faraway looks, faraway eyes  
Faraway looks, faraway eyes  
Faraway looks, faraway eyes tonight

Faraway looks, faraway eyes  
Faraway looks, faraway eyes  
Faraway looks, faraway eyes  
Faraway looks, faraway eyes tonight
