

(Gotta Get Some Action) Now!

The Hellacopters

There comes a time when a man's gotta choose
A time when you have to decide what to do
Watcha' gonna do? Well I got better things to do with my time
Than to sit on my ass and throw pearls before swine

Gotta-gotta-go-go light up the ignition
Gotta kill that sacred cow
Please spare me all of your futuristic visions
'cause I gotta get some action
Gotta get some action now!

Things have been goin' on for much too long
Yeah I've heard it all before and I think I know the song
Careful now kid, you might just fall for their ruse
Well I couldn't really bother 'cause I got nothin' to lose

Gotta-gotta-go-go light up the ignition

Gotta kill that sacred cow
Please spare me all of your futuristic visions
'cause I gotta get some action
'cause I gotta get some action
'cause I gotta get some action

Gotta-gotta-go-go light up the ignition
Gotta kill that sacred cow
Please spare me all of your futuristic visions
'cause I gotta get some action
Gotta get some action now!
