

Health to the Company

The High Kings

So here's a Health to the company, and one to my lass
Let's drink and be merry, all out of one glass
Let's drink and be merry, all grief to refrain
Until we all meet here again

Kind friends come join me in rhyme
And lift your voices up with mine
Drink and be merry, all grief to refrain
Until we all meet here again
Until we all meet here again
Until we all meet here again

So here's a health to the girl I love so well
Her Style and Beauty none can except
There's smile on her face and she sits on my knee
There's no one in this wide world as happy as we

So here's a health to the company, and one for my lass
Let's drink and be merry, all out of one glass
Or drink and be merry, all grief to refrain
Until we all meet here again
Until we all meet here again
Until we all meet here again

So our ship lies at harbour, ready to dock
And I hope she safe landing without any shock
And if we ever meet again, by land or by sea
Then I will always remember your kindness to me

Our ship lies at harbour, ready to dock
And I hope she safe landing without any shock
And if we ever meet again, by land or by sea
Then I will always remember your kindness to me

So here's a health to the company, and one to my lass
Let's drink and be merry, all out of one glass
Let's drink and be merry, all grief to refrain
Until we all meet here again

Here's a health to the company, and one to my lass
Let's drink and be merry, all out of one glass
Let's drink and be merry, all grief to refrain
Until we all meet here again
Until we all meet here again
Until we all meet here again
Until we all meet here again
