

Enough Is Enough

The Hives

Everyone's a little fuckin' bitch
And I am getting sick and tired of it
When to the doctor
Cause I was sick
Sick of everybody's bullshit
And I ain't listening
Not hearing anything
Can't take no more!

Enough is enough!
Enough is enough!
Enough is, enough is, enough is enough!
Enough is enough!
Enough is enough!
Enough is, enough is, enough is, enough is enough!

You're unbelievable
Eating anything they serve you along
Follower marching
In single file
You follow orders
And toe the line
And I ain't listening
Not hearing anything
Can't take no more!

Enough is enough!
Enough is enough!
Enough is, enough is, enough is enough!
Enough is enough!
Enough is enough!
Enough is, enough is, enough is enough!

Into the ring (into the ring)
Welcoming (welcoming)
Is there anything (anything) anybody doesn't know anymore?
Now yeah you see (yeah you see)
Opponents can (opponents can)
Turn anything into anything

Enough is enough!
Enough is enough!
Enough is enough!
Enough is enough!
(I said) Enough is enough!
Enough is enough!
Enough is, enough is, enough is enough!
Enough is enough!
Enough is enough!
Enough is, enough is, enough is, enough is enough!
