The Hives

Do you know the secret hand shake - you best use it.  
Here they come with ringing ears - social misfits.  
Someone has got to go  
just thought you should know and so it had to be  
the one who held the key.

Too good to be true - so what's the secret.  
Someone has got to go  
just thought you should know and so it had to be  
the one who held the key.
